

COSMETIC SURGERY SUPPLY LIST FOR LIPOSUCTION

THIS IS A MISCELLANEOUS LIST OF POSSIBLE SUPPLIES YOU MAY NEED AT HOME AFTER SURGERY

1. Antibiotic Ointment- Bacitracin, Neosporin or Triple antibiotic are okay to use
2. Q Tips- Used to apply antibiotic ointment to incision lines (new package is recommended)
3. Dial Liquid Soap- For daily use in shower to cleanse incisions. No Bath& Body Works or shower gels/soaps with perfumes or scrubs are allowed.
4. Distilled Water- Only needed if your water comes from a well or cistern or as directed by your physician
5. Ice Packs or Frozen Vegetable Bags- To control swelling
6. Comfortable Clothing- Consider clothing based on surgery and function ability for comfort (button-up, loose-fitting, non-binding)
